

To : ALL HIYANGPRENEUR

SUBJECT : E-WALLET RELEASE SUSPENSION

DATE : April 4, 2020

The catastrophic events that shocked the nation require the government to shut down the air, land and sea transportation commonly known as LOCKDOWN. This aims to limit the movement of people thus limiting the spread of the virus.

Our beloved Mayor here in Davao City has declared a community enhanced quarantine and implemented curfew in order to limit the movement of the people. We were urged by the Davao City government to cooperate and make necessary actions relative to our business operation.

In response to this call, we shall temporarily suspend our operation. Our Hiyang has been closed since March 18, 2020. Our administrative staff shall cease to report to office until further notice thus affecting our production, delivery, and other accounting works including the release of E-WALLET. We couldn't send money anyway because banks and remittance centers had limited time to open.

Our top priority this trying time is to keep the safety of our people including our customers and all Hiyangpreneurs.

Keep safe everyone and God Bless Us All.

RANDY BALOLONG

VP for Operations

JAKE PAJARILLAGA

CEO/ President
